

Level (I)

Basic / Foundation Course

In this Level (I) class we will be taught preliminary knowledge of Vastu concept. Today's discussions in the public about Vastu subject is to minimise our personal worries and collect good money. But it is completely wrong. How to make our house naturally comfortable will be taught here. This Level (I) is useful to understand clear idea of the Modern Vastu Science knowledge. Any layman must get this information so if any vastu consultant comes to guide, you can cross check him and it will prevent unnecessary expenses such as consultation fees, purchasing of suggested

any article and even religious observations. After completing this Level (I) course, you will be knowledgeable in Vastu Science.

Duration

3 Months duration & will be conducted for 2 hours/ week

Medium

Marathi / Hindi / English

Eligibility Criteria

Anyone such as ITI, Arts, Commerce, Science or any Engineering Faculty educated or under education.

Fees & Syllabus

Contact us personally

Course Material

1. Copy of published Vastu Prakash book
2. Portable Magnetic Compass
3. Writing material

Course Benefits

- Learn Modern Vastu Science in Details as a general knowledge
- To minimise the blind beliefs
- To cross check to any consultant
- Group Discussion & Course Certificate
- Limited seats in a batch

Level (II)

Vastu Design Course

First this course is continuation of Level (I). Specially here building designing part will be taught considering Modern Vastu Science and Municipal by-laws. Means you can utilise knowledge given at Level (I) course. Surely you can start authoritically vastu consultation and vastu designer after completion of this Level (II) course.

Today, the whole world is looking at green living, thanks to the way we are suffering due to erratic concretisation. The concept of Vastu revolves around the healthy relationship of nature and infrastructure, hence its modern relevance.

Mr. Haribhau Limaye believes that when students are given education with Western background, they should also learn concepts in conjunction with ancient Indian architectural traditions with moderate understandings.

- The Architects & Civil Engineers are only creators of any type of buildings.
- To learn Ancient Indian Architectural Traditions with Modern outlook.
- To make fundamental knowledge strong with the help of Modern Vastu science Concepts.
- This course is based on research done by Haribhau Limaye who has successfully developed hundreds of projects.

- Come with your plan and study it along with Modern Vastu Science concepts.
- This knowledge will promote Modern Vastu Science and educate professionals, architects, builders and homeowners for a more comfortable, happy and successful life through the principles of Modern Vastu Shastra.
- An ensemble of Modern Vastu Science principles taken together allow the architect a design matrix for creating buildings that live and vibrate harmoniously with universal energies.
- In this course students will design with the help of Modern Vastu Science in the frame work of today's Municipal by-laws.

Duration

2 Months duration & will be conducted for 2 hours / week after completion of Level (I) course of 3 months duration and total duration of Level (II) will be 5 months

Medium

Marathi / Hindi / English

Eligibility Criteria

Diploma and Degree Holders in Civil Engineering, Graduates and Post Graduates in Science, Architects, Builders & Building Contractors having Engineering Qualification & Level (I) course must be completed

Fees & Syllabus

Contact us personally

Course Material

1. Copy of published Vastu-Prakash book
2. Copy of published Vastu-Tech book
3. Portable Magnetic Compass
4. Writing material

Course Benefits

- Career-Focused Vastu - Architecture - Design Study
- Project Based Learning
- Live project Experience
- Group Discussion
- In-depth theory & Practical

- Complete knowledge of a vastu remedies for a vastu correction as per Modern Vastu Science.
- Case Studies, Assignments & Project Report
- You will be authorised Vastu Consultant and Vastu Designer
- Course Certificate

Note

- Auto-CAD knowledge is preferable
- Practical drawing work will be compulsory
- Limited seats in a batch

Level (III)

Research Course

This course of study is designed to prepare the graduate to assure responsibility for the proper research process using the principles of Modern Vastu Science and Technology. The name Vastu Prakash is the oldest name of book in Vastu Shastra written by Mr. Haribhau Limaye. It is a basic literature made available to the students. Now Vastu-Tech Book with introducing new subject Modern Vastu Science will be made available to the students. After experiencing the building construction field for more than 50 years; Mr. Haribhau Limaye wants to help in sharing knowledge through classes and with this in mind, we have planned to enter into this new

field of research through classes/courses.

The Founder Mr. Haribhau Limaye has researched Traditional Vastu Shastra & present contemporary Architectural designs & he concluded through his observations and finalized several rules for Modern Vastu Science & Technology to live human body comfortably in life. Locations may be residence, industrial premises, offices, temples, churches & other buildings.

But he feels that his rules once again some M.Sc. or Graduates or Post Graduates Engineering Students confirm & brought to public notice for their happy life with a more & more Scientific way. So the newly researched work should be established authentically as Modern Vastu Science.

So to create new concept in Vastu / Building planning as a science in world & researcher will have to call "Vastu Scientist".

For this achievement Mr. Haribhau Limaye will be a guide to the students. In this course the candidate will have to visit thousands of residential, industries, auspicious buildings and conclude one by one of several rules for planning. It is unending process for acquiring knowledge.

Course Duration

Level (I) - 3 Months duration & will be conducted for 2 hours / week

Level (II) - 2 Months duration & will be conducted for 2 hours / week

Level (III) - 13 Months duration for collection of data & 6 Months duration for compilation

of collected data & preparation of final researched report 24 Months total duration of course. Course will be conducted for 2 hours / week

Medium

Marathi / Hindi / English

Eligibility Criteria

For Graduates, Post Graduates in Science, Civil Engineers and Architects and completion of courses of the Modern Vastu Science Academy - Level (I) and Level (II)
